Working smarter for a changing world

We're focussed on creating efficient and productive workspaces, that bring real value to business, people and the environment.

Sustainable solutions that stand the test of time are now more important than ever, and we understand that a long-term investment made today, helps to prepare for the challenges of a fast changing world.

All of our UK manufactured products are supported by a [Built to Last](#), 10-year extended warranty, and our in-house 'design, test, and manufacture' process, guarantees that our workplace storage systems will perform, and continue to perform.

To support the confidence we have in the longevity of our products, we offer a variety of replacement parts and accessories to help further extend the lifespan of your workplace storage equipment, long after your initial purchase.

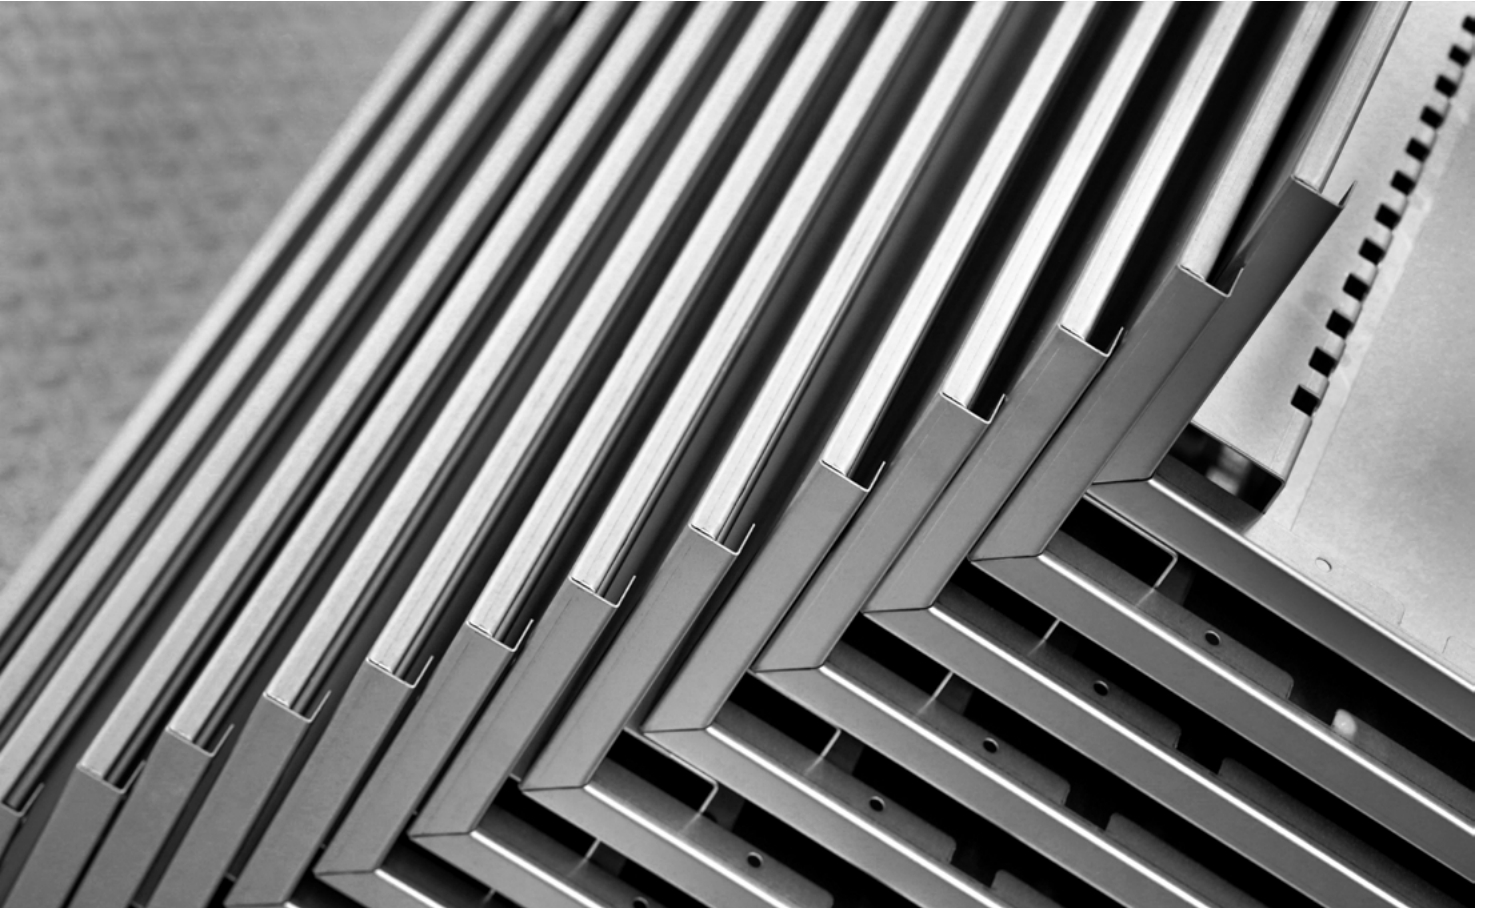

Choose bott for sustainable, long-term solutions.

Restore. Renew. Repair.

Conserve resources

Reduce waste

Extended product support

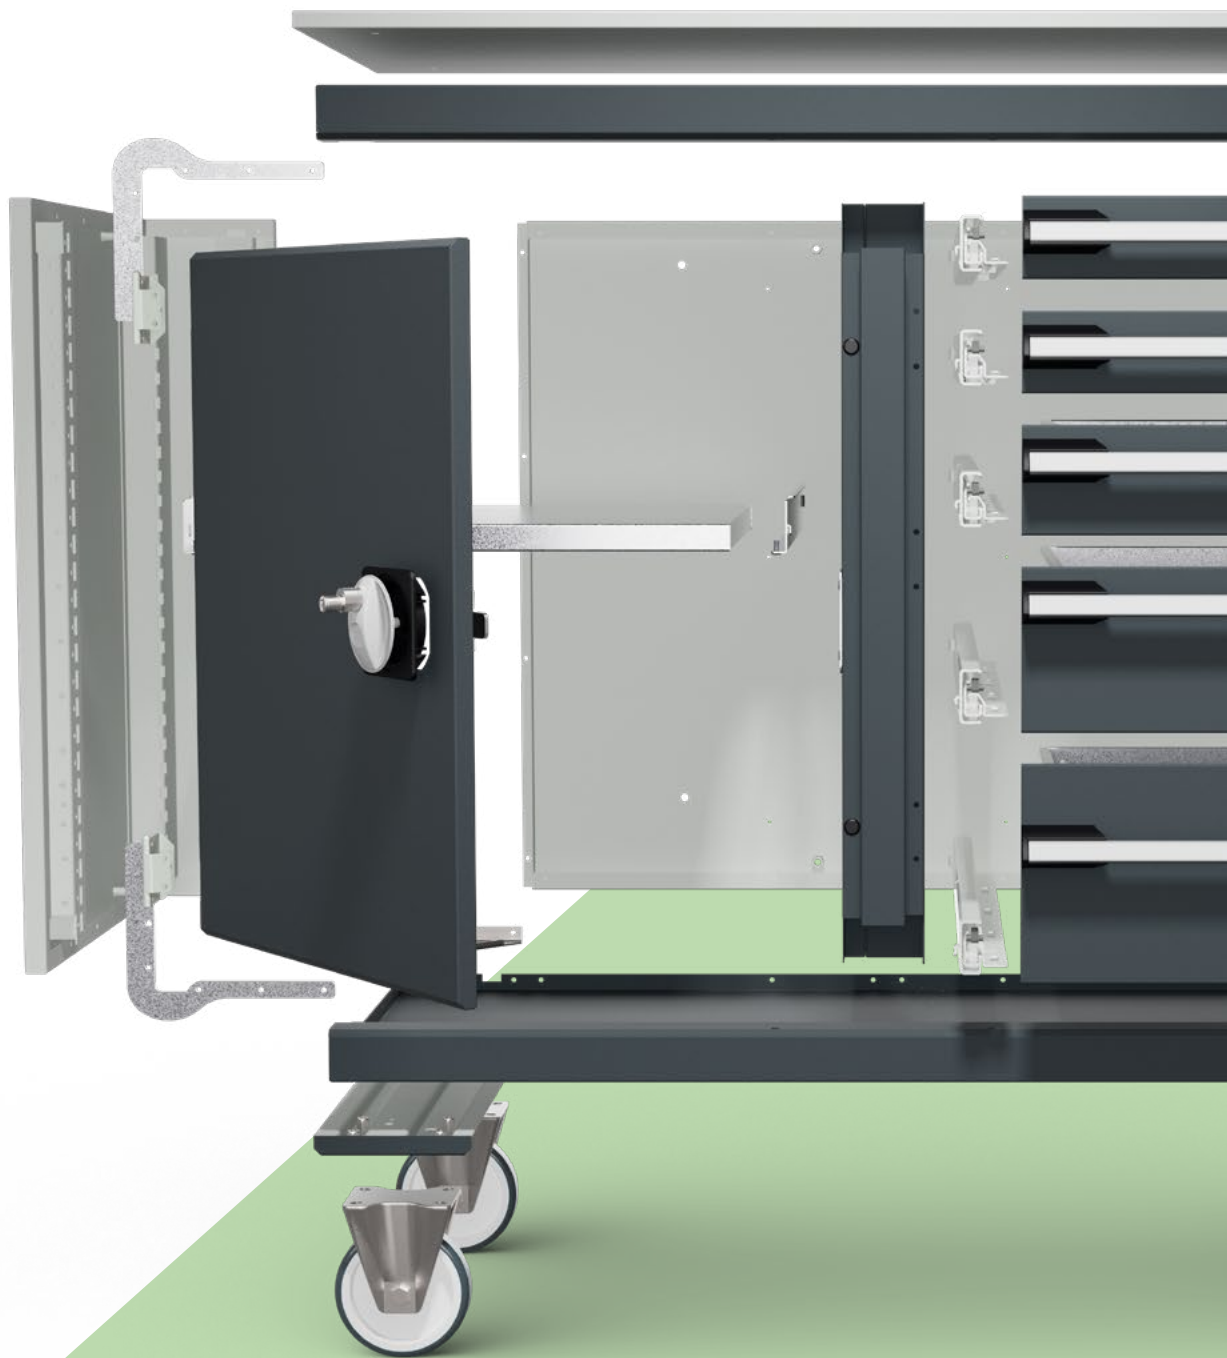

We understand there isn't always the need to replace an entire product, when you can simply replace a part to keep your bott equipment in reliable working order.

Choosing to refurbish or repair your product is not only cost-effective, but also allows for customisation and upgrades for when business needs change. By adding new components or integrating accessories, such as worktops or drawer dividers; you can modify your equipment depending on specific needs or preferences.

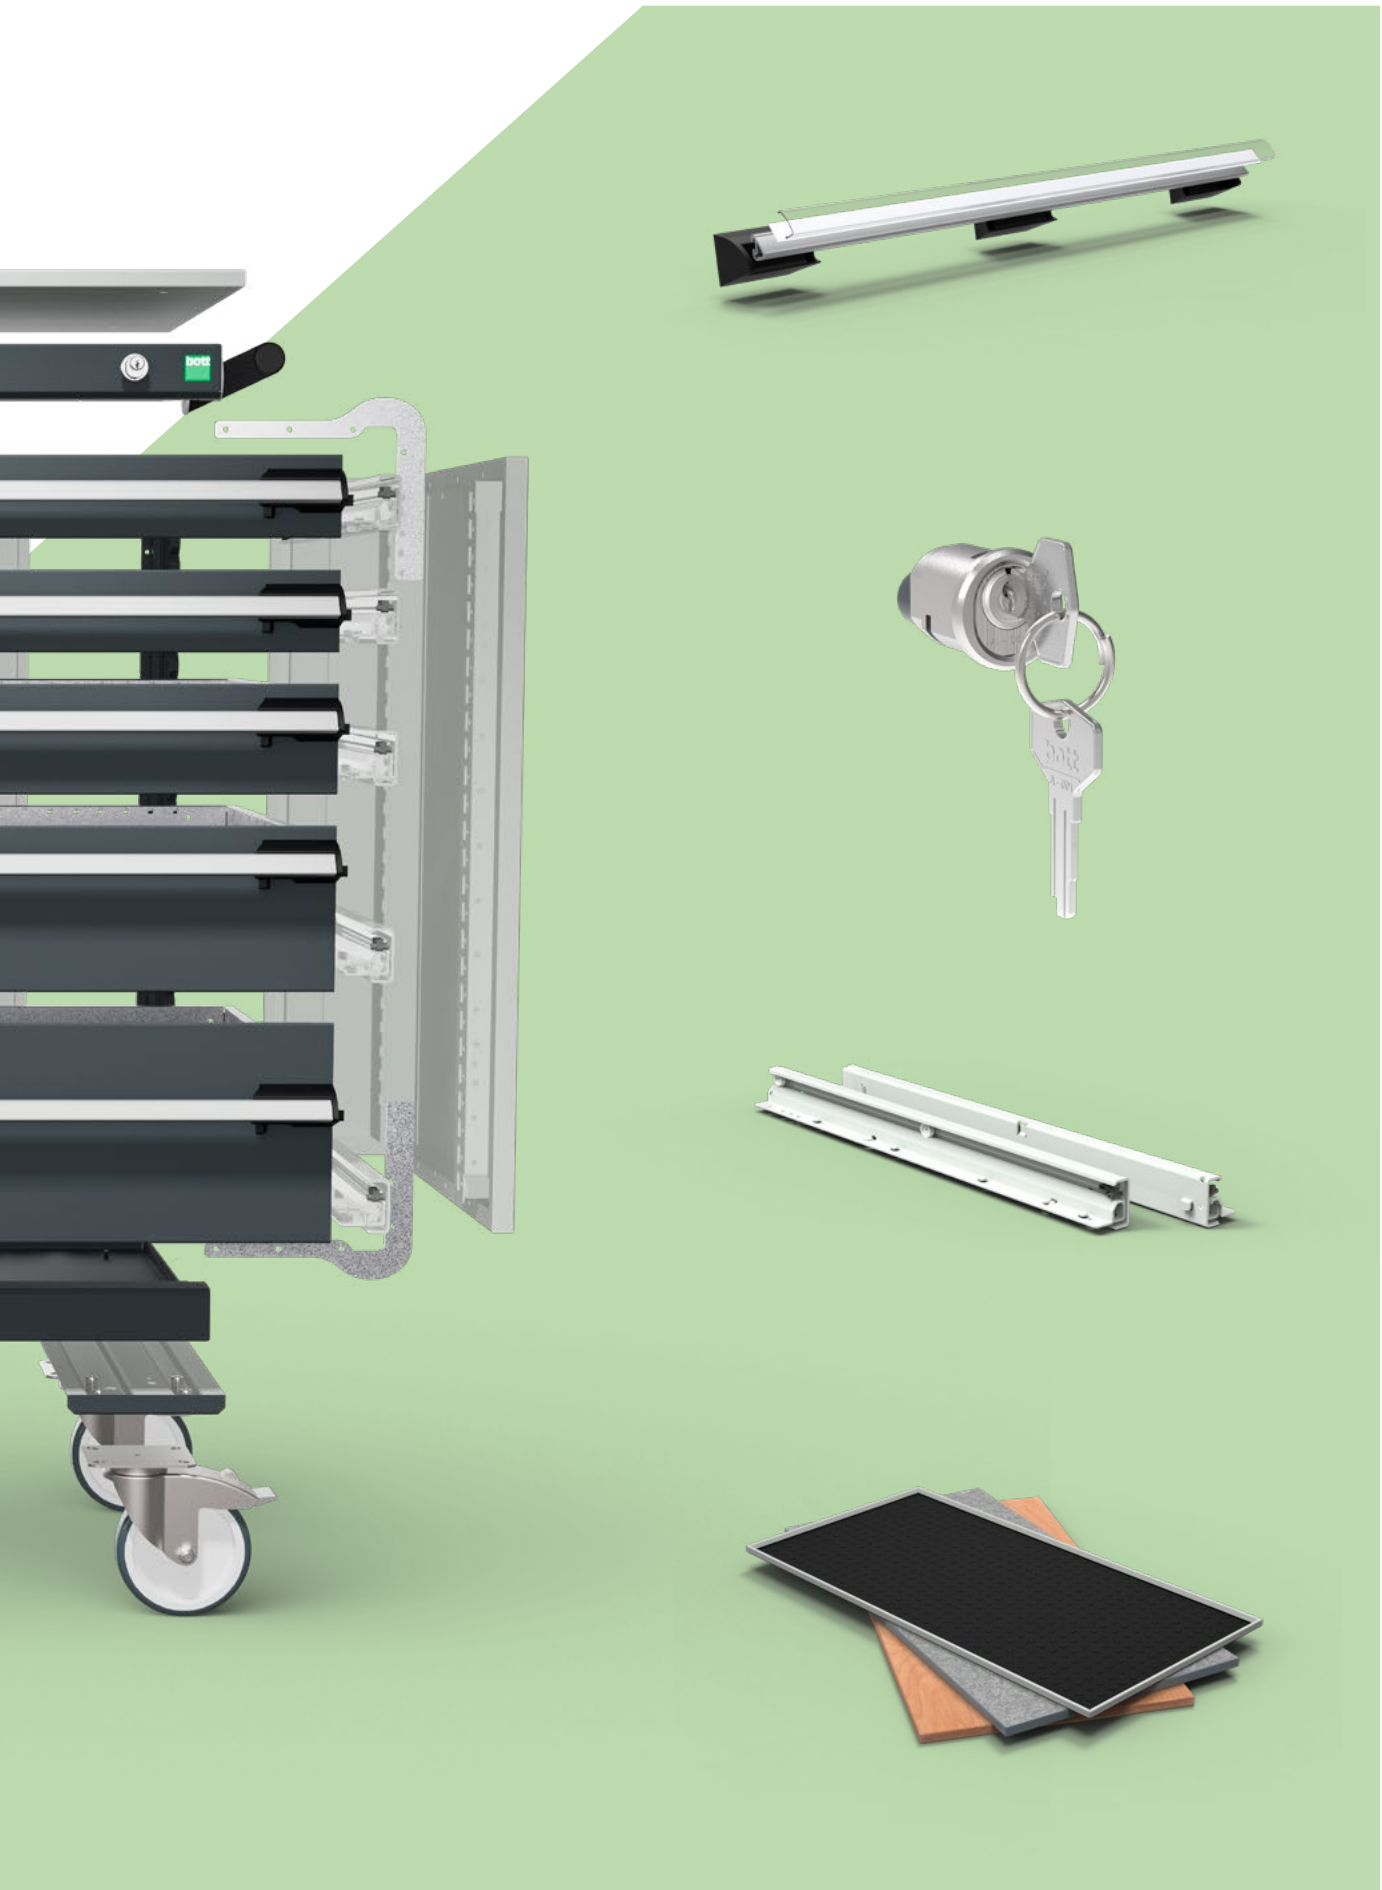

Furthermore, by restoring, renewing, or repairing your equipment, you can help conserve natural resources, reduce waste and contribute to a more sustainable society.

- Replacement locks & keys
- Drawer handles, label strips & drawer slides
- Worktops & castors
- Multiple doors & hinges, drawer fronts & shelves

Replacement parts - Benches

Locks & Keys | Drawer Slides | Worktops | Drawer Handles & Labels | Castors | And more...

Accessories

Efficient organisation

Flexible solutions

Maximise your product's potential

Accessories can play a key part in restoring equipment, and for when changing its use.

To help maximise your product's potential, we offer a wide and comprehensive range of accessories, ensuring your workplace storage equipment delivers 100% efficiency.

Versatile additions such as drawer divider kits, enable you to tailor your equipment for different needs, and to work more efficiently. Small parts can be expertly organised with trough blocks, plastic boxes, inlay mats or adjustable metal dividers. We can supply simple, pre-designed kits, or custom layouts can be created upon request.

As operations or business needs change, you might want to adapt your existing bott bench or cabinet by adding a new worktop. We offer a variety of options including Lino, Beech, Steel Clad, and Multiplex - a solution for any profession.

Looking for flexible storage options? Our simple and adaptable perfo system is the foundation for efficient small parts storage. Incorporating wall panels, cupboard systems, mobile or freestanding solutions, and a wide variety of accessories - perfo is exceptionally versatile, with an unlimited range of applications.
